

# Friend of the Rottweiler Rescue & Rehome

*Has proudly rehomed over 200 Rottweilers since June 2013*  
[www.rottierescuesa.co.za](http://www.rottierescuesa.co.za) | [info@rottierescuesa.co.za](mailto:info@rottierescuesa.co.za)

*This is Lucy found walking in  
Fourways with a collar and lead  
– never claimed.*

37% of the dogs we rescue are registered.

71% of the dogs we rehome are male.

87% of them are not sterilised.

72% have all either had or sired at least one litter.

25% supposedly have behavioural issues.

4 out of 10 are being rehomed due to financial reasons or divorce.

3 out of 10 owners believe they made the wrong choice in breed.

1 out of 10's vaccinations are up to date.

1 out of 10 were taken in by their breeder.

20% are abandoned at vacant properties.

34% have hip dysplasia.

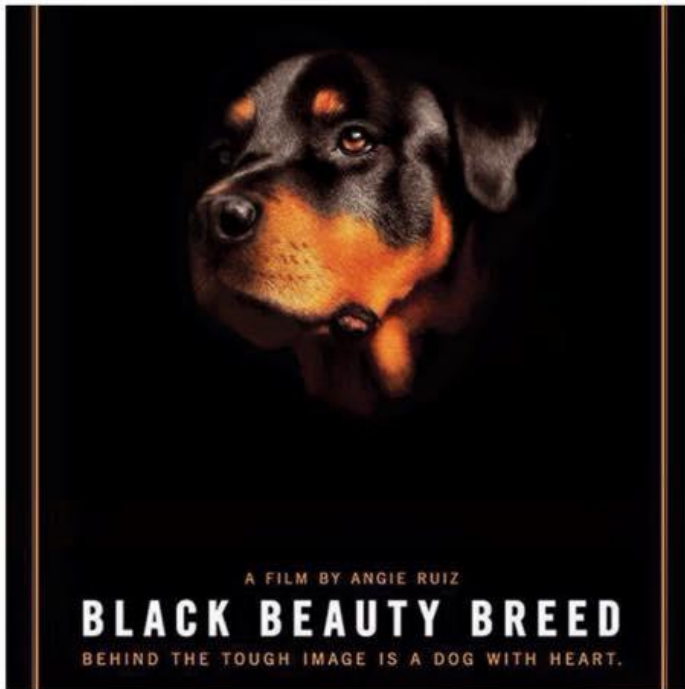

86% of the dogs received in 2015 are due to emigration.

R2672.00 the average cost for us to rehome a Rottweiler.

Please read these statistics, know your buyer and make sure they are educated about the breed! A dog is a privilege and not a right. Rottweilers are not for everyone. Please ensure your buyers sterilise their dogs to avoid a never ending cycle of unwanted Rottweilers. A stipulation in the contract regarding sterilisation can be added, sadly breeding restrictions do not prevent unregistered litters.

**BLACK BEAUTY BREED FILM – DVD FOR SALE AT MRL  
SHOW R300.**

Black Beauty Breed Film is award winning documentary about the Rottweiler breed from inception right through to their working capabilities.

Our sincere thanks to Linda Lillis and Roy Skea of JigStar Africa (as well as Alex) for allowing Friend of the Rottweiler Rescue this amazing opportunity to raise funds.

*Thanks to Angie Ruiz for allowing us to distribute this amazing film in SA.*
